

solver_run

```
graph LR; A[solver_run] --> B[rxn_update_env_state]; B --> C[rxn_emission_update_env_state];
```

A flowchart illustrating a three-step process. The first step, 'solver_run', is in a white box. A blue arrow points to the second step, 'rxn_update_env_state', also in a white box. Another blue arrow points to the third step, 'rxn_emission_update_env_state', which is in a gray box. The steps are arranged horizontally from left to right.
