

`solver_new`

```
graph LR; A[solver_new] --> B[print_data_sizes]
```

The diagram consists of two rectangular boxes connected by a horizontal blue arrow. The left box is white with a black border and contains the text 'solver\_new'. The right box is gray with a black border and contains the text 'print\_data\_sizes'. The arrow points from the right side of the first box to the left side of the second box.
