

JacMap

```
graph BT; ModelData[ModelData] -.->|jac_map, jac_map_params| JacMap[JacMap];
```

The diagram illustrates a dependency or data flow from ModelData to JacMap. A dashed purple arrow points upwards from the ModelData box to the JacMap box. To the right of the arrow, the labels 'jac_map' and 'jac_map_params' are listed, indicating the specific data or parameters being passed.
